## Service Offerings

February 22, 2021

**T**he serene Sunset Lane Memorial Park lies on ten beautiful acres in the heart of Port Orchard. This secluded park provides an atmosphere of peace and tranquility. Established in 1946 by Len Pendleton and John Gilchrist, the cemetery has grown from its infancy into a quiet and beautiful memorial to those who have been celebrated there.

Sunset Lane Memorial Park is an endowment care cemetery, which ensures you that it will be impeccably maintained for generations to come. The grounds are secluded and level with paved roads and sidewalks for your convenience. Maintenance and upkeep (including mowing, edging, trimming and cleaning) is an ongoing commitment. There is a permanent veteran's monument, and parallel north and south to that monument are buried many of the area's patriots. Over Memorial Day weekend, one hundred twenty American flags are flown which have been donated by veteran's families and individual American flags are placed at each veteran's grave, donated by the Veteran's of Foreign Wars and American Legion posts. Our newly completed terraced area was designed with a Northwest theme and accommodates those families looking to be memorialized together. Make sure and take a walk through the Reflection Pathway created just for those selecting cremation and who want a natural setting to memorialize their loved one.

Sunset Lane Memorial Park is located at the Mile Hill and Bethel Avenue roundabout in Port Orchard.

The cemetery is open from dawn to dusk, seven days a week.

The office is located at Rill Chapel, 1151 Mitchell Avenue and is open from 9:00am to 5:00pm, Monday through Friday.

*Sunset Lane Memorial Park offers a variety of cemetery services for burial & cremation (please see additional guide). We also understand the importance of memorialization - allowing families to select the details that will be a physical symbol of the unique life of their loved one.*

## Burial at Sunset Lane Memorial Park

Cemetery property can be purchased at time of need or pre-purchased for future use. Once the property and endowment care fees are paid, a deed is issued to the property owner. This is an original document that can **not** be replaced, so please keep it safe!

Each adult burial space is designed for one casketed burial as well as one placement of cremated remains. The lawn crypts terrace property is designed for two casketed burials: one on top of the other.

The infant section has room for one youth casket.

# Merchandise: Memorial Markers

A record of a life remembered that will always endure is the cemetery memorial. It would be a privilege to assist you in creating the personal expression that will capture their life for centuries to come.

If there is not an existing memorial marker, a monument made of engraved granite OR a bronze plaque (which is mounted on a granite base) can be designed. The specific size requirements for the different cemetery sections are listed after the granite marker size. If you are choosing a bronze memorial, the size of the granite will be the "base" and the bronze will be slightly smaller.
