Comments

“ I was saddened to read of Patricia’s recent passing in the Arizona Republic and of the earlier passing of Dr William. I had the pleasure of being their Dental Hygienist for many years. Dear, sweet people. I learned so much from both of them. They will be missed

In health,

“ Pat was the kindest and most gentle soul I've ever known. She was smart and funny and very humane. I love her as for the many, many good qualities she possessed and her wicked sense of humor. Never cruel, never mean. She made me want to be a better person. I admired her so much. Alex, she loved you beyond reason. She loved to talk about you, she worried about you, she was so proud of you. That kind of connection lasts forever, so I am sure Alex, as you think of her and remember her you will feel that love because it is every lasting.

“ Alex, I'm so sorry for your loss. My thoughts are with you.

Although you already know this, I hope you won't mind being reminded that even through this, the bond that you shared and the love that she gave is forever. Even as you are missing her, please recall warm memories, knowing her eternal spirit will persist inside and outside of you.
